## *The Southern California Spring Garden Show 2025*

The Southern California Spring Garden Show returns this month, transforming South Coast Plaza's West wing into a vibrant showcase of horticulture and outdoor living. Nearby, the Arts District Sculpture Tour invites a quieter kind of discovery, with works by Joan Miró, Isamu Noguchi and Richard Serra, reflecting a longstanding vision where art and environment exist in dialogue. And in Jewel Court, a Guerlain exhibition will offer a closer look at the heritage and craft of the storied French house.

A number of new openings mark the season, with Jaeger-LeCoultre debuting its newly reimagined boutique, presenting an elevated setting for the Maison's legacy of fine watchmaking. Looking ahead, Golden Goose, Tiny's, and Joe & The Juice will join the mix, further expanding the ever-evolving landscape of South Coast Plaza.
